## **Chartered Insurance Brokers. Three little words that mean so much.**

Professionalism and integrity have remained the cornerstones of Packetts' philosophy since its foundation in 1920. Even today these remain the guiding principles on which we conduct business. We believe that being a Chartered Broker reinforces these core values. This title is only awarded to those firms committed to developing and maintaining the knowledge and capability of their people so they can deliver the highest quality advice. Chartered firms must also follow a demanding code of ethical practice which means they must work in a manner that places the client's interests at the heart of any advice they give. Chartered status can only be granted by the Privy Council and is the Industry's Gold Standard for Insurance Brokers.
